

Die Vorgehensweise, die Empfangsstelle für eine Zustellung mit dem EJM-Atlas ausfindig zu machen, ist nachfolgend dargestellt.

Zu bemerken ist, dass der EJM-Atlas keine „normale“ Zustellung von Schriftstücken (darunter fallen z.B. auch Strafbefehle) enthält, es muss daher bei der Auswahl der durchzuführenden Handlung im Atlas auf die Hinweise bei Zustellung einer Zeugenladung (Summoning witnesses) zurückgegriffen werden:

**Atlas, Requests for Mutual Legal Assistance**

The Atlas allows the identification of the locally competent authority that can receive your request for mutual legal assistance and provides a fast and efficient channel for the direct transmission of requests according with the selected measure.

Note: It doesn't constitute an exhaustive listing of all possible channels.
